

Jerry & Sarah Mattix Update

Hello

We have been enjoying our first month back in the US, catching up with friends and seeing our children. The big highlights were Sarah's graduation from Columbia International University with her Master's degree in Mental Health/Counseling and Gabriel's High School graduation from Freeman Academy. In this case the pictures are worth more than a lot of words:

Celebrating Sarah's graduation with Christopher and Genesis Mattix and our daughter Ishael with Kezia

Celebrating a group effort achievement!
Go Gabriel!

Enjoying some family time in the great outdoors of the Northwest.

We have quite a busy summer ahead and hope to see many of you along the way. Thank you for upholding us in prayers.

Much love, Jerry and Sarah
